Re: CVS PROJECT

The Wellesley Fire Department has reviewed and approved the application for the proposed project. The fire department has reviewed fire hydrant locations along with emergency vehicle access.

The fire department has dropped its request for a master box with the town's decision not to add any new master boxes to the existing fire alarm circuits in Wellesley. Our request for a new hydrant on the property has been met.

The fire department reserves the right for final approval at time of issuing permits with a complete set of building documents.

Sincerely

Captain Fitzpatrick
