

## **Preliminary Assessments Released by Assessors**

Every three years the Town goes through a state audit with the Massachusetts Department of Revenue. According to their guidelines, overall property values should fall within a range of 10% above or below their full cash value (as of January 1, 2008) in a recertification year. The town is presently in the process of the audit. As part of the process, the assessors are required to conduct a public disclosure program. This step requires the Board to make available the preliminary assessed values prior to receiving final certification from the state. This certification is needed before a tax rate can be established and to allow tax bills to be mailed. The preliminary values are available for review in the public library, the assessors' office at the town hall 8:00 a.m. to 5:00 p.m. Monday through Friday, and on the Town's web site [www.wellesleyma.gov](http://www.wellesleyma.gov) from November 28, 2008 through December 8, 2008.

The assessing office maintains an extensive database of all properties in Town. The Town underwent a town wide inspection program for fiscal year 2000. Since then the Town has verified that information by randomly selecting and inspecting about 1500 properties annually. The Department of Revenue recommends a home to be inspected at least once every ten years.

State law requires the market value be as of January 1 preceding the fiscal year to be used for assessment purposes. The real estate market was analyzed by using actual property sales in Wellesley during calendar year 2007 to establish an estimate of the property market value as of January 1, 2008. The preliminary assessments are a result of two things; building permits and analysis of the real estate market in Wellesley. There is *no* across the board increase in assessed values.

An increase or decrease in property valuations does not in itself cause an across the board increase or decrease in taxes. Since the total Town value has increased, the tax rate will be adjusted to the point necessary to fund the Town budget voted at the 2008 town meeting. The tax rate will not be known until this revaluation/audit process is complete and the Board of Selectmen has made their decision regarding the tax rate classification. The Board of Selectmen will hold a public hearing to discuss the tax classification options on November 24, 2008. The vote is scheduled to take place on December 15, 2008.

After this public disclosure period, assessed values may be appealed to the Board of Assessors only after the mailing of the actual tax bills. The deadline for all abatement applications is February 2, 2009.
