

## VOLUNTARY RENEWABLE ENERGY PROGRAM

Support electricity produced from renewable energy sources by participating in the Wellesley Municipal Light Plant's voluntary renewable energy program. Renewable energy costs five (5) cents per kilowatt-hour ("kWh") more than fossil fuel generation. You can elect to take as little as 10% or as much as 100% by marking the appropriate box below.

	<u>Percentage Desired From Green Power</u>	<u>Additional kWh Charge</u>	<u>Monthly Increase 500 kWh</u>	<u>Monthly Increase 1,000 kWh</u>
<input type="checkbox"/>	10%	\$0.0050	\$2.50	\$5.00
<input type="checkbox"/>	25%	\$0.0125	\$6.25	\$12.50
<input type="checkbox"/>	50%	\$0.0250	\$12.50	\$25.00
<input type="checkbox"/>	100%	\$0.0500	\$25.00	\$50.00

Example: if your monthly usage is 843 kWh's and you would like to have 25% of your electricity produced from renewable energy, an additional charge of \$10.54 (843 x \$.0125) will be included on your monthly bill.

Note: The average Massachusetts residential electric consumer uses 526 kWh's per month (electric heat customers use an average of 827 kWh's per month); average Wellesley consumer uses 970 kWh's.

455 Worcester Street  
Wellesley, MA 02481
